Re: Cluster 4's Community Reinvestment Plan

Dear Mayor Archer:

It has been a privilege for us to serve as members of Cluster Board 4 within the Community Reinvestment Strategy process. Our stakeholders, technical assistance team (Hamilton Anderson, Zachary & associates, et al.), staff support (Beverly Means and Bobby Joe Stovall) and other committed individuals contributed hundreds of hours to formulate a vision and plan for our Cluster and the City of Detroit.

Our mission was "to carry out a community-based visioning and strategic planning process that identifies reinvestment opportunities and recommends appropriate types of investment throughout the Cluster and within the neighborhoods over the next 5 to 10 years." The Board of Directors accepted and fulfilled this mission with vigor, realism, optimism and with the significant desire for implementation of results. In short, our goals are visionary, the plan is realistic, and the recommendations are provocative, yet challenging!

Therefore, it is with great pleasure that we submit to you our Community Reinvestment Plan for Cluster 4. Behind this document stands a community committed to bringing to reality the enclosed Plan. Thank you again, for creating the opportunity for us to participate.

Sincerely,

Paul M. Stewart *Penny Bailer*
